Objective

I am a highly motivated and detail-oriented recent graduate with a strong passion for full-stack development. I'm seeking an entry level position as a full stack developer to leverage my skills in web-development, problem-solving and team-work to contribute to innovative projects and grow as a professional in the field.

Education

2021-2024	Osmania University Bachelor of Computer Applications 91%
2019-2021	Sai shivani junior college Intermediate Education MPC 96%
2018-2019	ZPPSS model school, Gudur SSC Education 9.7

Experience

July 2023 - Jan 2024	Excelerate Data Analyst Intern During this internship I learnt Data visualization tools like PowerBI, Excel, python Matplotlib library, etc and also improved my non-technical skills including team-work and decision-making.
Oct 2023 - Jan 2024	CodeAlpha Python Developer Intern This internship has been an invaluable experience. It provided me with hands-on experience in Python development, enabling me to work on projects that are both functional and educational. Each project taught me something new, from secure coding practices to integrating APIs and validating user input.

Projects

5star5 Gaming Website

A simple puzzle kind of game that has been designed using HTML, CSS and JavaScript.

Github link <https://nimmaravikiran.github.io/5star5/>

Image to speech conversion

This project basically involves in analysing the text from an image then extracting the same text into an audio file automatically.
